## COMMUNITY AND SOCIAL MATTERS

At MasTec, we are proud to serve the communities in which we operate. Partnering with our communities and our customers is fundamental to our business operations. We plan and act for the future, for the long-term good of our company, our customers and our communities. We are active in our local communities and participate in charitable giving, community outreach and community building programs, including disaster relief efforts for communities affected by hurricanes, flooding and similar events. We also have an unwavering commitment to our team members in times of need. Our donations to charitable causes were over \$2.7 million in 2022.

We have a sizeable military veteran workforce, and we give recognition to our veterans annually in our company newsletter, "Fast Break." We have community outreach programs tailored to military veterans, who represent approximately 4% of our workforce.

To attract and retain talent, we offer comprehensive compensation and benefits packages that include health insurance as well as access to telehealth services, which we have expanded to assist employees with medical and mental health matters. In addition, to help our employees build a financially secure future, we offer a 401(k) plan with matching benefits, an employee stock purchase plan, life and disability insurance plans and a flexible spending account to help employees cover medical expenses. We also offer employees support for personal and work-life issues, including health, legal and financial matters.

We invest significant resources in education, certification and training programs and other professional development opportunities based on an employee's position and professional activities, including apprenticeship and leadership oriented training programs, tuition reimbursement for qualified training programs, sponsored attendance at industry conferences, departmental and divisional leadership conferences, employee training centers and advancement opportunities within and across businesses and divisions. We recently launched a Leadership Excellence and Development ("LEAD") program, offering advanced leadership training opportunities at all levels. The LEAD program is designed to build leadership talent and provide leaders the skills and capabilities that put them in a position to succeed. The LEAD program curriculum is multi-tiered to align a participant's curriculum with their current role and level of experience, and includes online and classroom training, application of learning to real work settings, field immersion opportunities and mentoring programs.

## DIVERSITY, EQUITY AND INCLUSION

We are committed to diversity, equity and inclusion in the workplace and to fostering an environment where our employees can freely bring diverse perspectives and varied experiences to work. We seek to attract the best talent and foster a culture of inclusion, teamwork, support and empowerment where all talented individuals have access to opportunities and can achieve success. Our commitment to diversity, equality and inclusion, together with our culture of belonging, allows us to recruit and retain highly talented employees, so that we are able to deliver exceptional results to our customers. In our employee recruitment and selection process and the operation of our businesses, we adhere to equal employment opportunity policies without regard to race, color, national origin, religion, religious creed, ancestry, age, sex, sexual orientation, gender, gender identity, gender expression, veteran status, marital status, citizenship status, military status, pregnancy, medical condition, genetic information, physical or mental disability or any other characteristic protected by law.

With the support of the full Board of Directors, the Nominating, Sustainability and Corporate Governance Committee has committed to include women and minorities in the initial pool of candidates for any new or replacement Board position, as formalized in the committee's revised charter.

Women and minorities represent 45% of our overall U.S. workforce and 45% of our U.S. executive, manager and professional workforce, according to our December 2021 EEO-1C report. We are proud to have been recognized in Deloitte's 2021 Missing Pieces Report: The Board Diversity Census of Women and Minorities on Fortune 500 Boards, as one of only 29 companies in the Fortune 500 that, as of June 30, 2020, had 60% or greater diversity.

Stakeholder engagement is a key element of our sustainability efforts and communications. Our proactive stakeholder engagement practices provide us with valuable insight and feedback throughout the year. Our engagement process includes formal and informal channels of communication, including quarterly investor calls, investor presentations, one on one meetings, employee feedback, customer, subcontractor and supplier discussions, community and industry events, among others. The feedback we receive from these engagement efforts informs our understanding of the issues most significant to our stakeholders. We seek to monitor these issues and effectively communicate with our stakeholders to strengthen these relationships.

## Governance of the Company

### DIRECTOR INDEPENDENCE

The Board, in the exercise of its reasonable business judgment, has determined that a majority of our directors qualify as independent directors pursuant to applicable NYSE and SEC rules and regulations. In making the determination of independence, the Board considered that no independent director has a material relationship with MasTec, either directly or as a partner or shareholder of an organization that has a relationship with MasTec, or any other relationships that, in the Board's judgment, would interfere with the director's independence. In arriving at this conclusion, our Board of Directors made the affirmative determination that C. Robert Campbell, Ernst N. Csiszar, Robert J. Dwyer, Julia L. Johnson, Javier Palomarez and Ava L. Parker meet the Board's previously adopted categorical standards for determining independence in accordance with the NYSE's corporate governance rules. The Board of Directors determined that there were no transactions or relationships between each Director or any member of his or her immediate family and MasTec and its subsidiaries and affiliates except those transactions reported below under the "*Certain Relationships and Related Party Transactions—Transactions with Related Persons*" section. Our Board of Directors determined that each of these transactions and relationships was within the NYSE standards and our categorical standards and that none of the transactions or relationships affected the independence of the Director involved. Our adopted categorical standards for determining independence in accordance with the NYSE's corporate governance rules are contained in our Governance Principles, a copy of which is available on our website at [www.mastec.com](http://www.mastec.com). The reference to our website address does not constitute incorporation by reference of the information contained on the website, and such information is not a part of this Proxy Statement.

Through recent shareholder feedback we recognize that gender diversity is important to our shareholders and, as a result, filled the vacancy caused by the passing of Jose S. Sorzano with Ava L. Parker.

### BOARD LEADERSHIP STRUCTURE

The Board holds executive sessions of the independent directors at every regularly scheduled Board meeting. The Board, with six directors deemed independent, maintains a percentage of independent directors serving on the Board above the NYSE requirement that a majority of directors be independent.

The Board conducts its business through meetings of the full Board and through committees of the Board, including the Executive Committee, the Audit Committee, the Compensation Committee, the Finance and Mergers and Acquisitions Committee, and the Nominating, Sustainability and Corporate Governance Committee. Ad hoc committees are formed as needed. The Board and its committees also act by written consent. During 2022, the Board met on six occasions, for which each of the directors who served during 2022 attended at least 75% of the Board meetings and at least 75% of the meetings of each committee on which such director served.

MasTec separates the roles of CEO and Chairman of the Board in recognition of the differences between the two roles. The CEO is responsible for determining the strategic direction for MasTec and the day-to-day leadership and performance of MasTec. The principal responsibility of the Chairman of the Board is to serve as chief administrative liaison between our directors and our management and to monitor implementation of the Board's directives and actions.

MasTec does not have a policy requiring that our directors attend the Annual Meeting. All of the directors attended our 2022 Annual Meeting.

### LEAD INDEPENDENT DIRECTOR

Robert J. Dwyer has been selected, by a majority vote of the independent directors, as the lead independent director to preside over all executive sessions of the independent directors. Mr. Dwyer will serve as lead independent director until his successor is duly qualified at the next annual meeting of the Board or until his earlier resignation or removal. In this role, Mr. Dwyer is responsible for facilitating communication between management and the Board. The independent directors meet separately in regularly scheduled executive sessions without management.

## RISK OVERSIGHT

The Board is involved in the oversight of risks that could affect MasTec. The committees of the Board are primarily responsible for the oversight of risk as follows: the Audit Committee has oversight over accounting and control risks, as well as risk assessment and risk management; the Compensation Committee has oversight to ensure that our compensation and incentive plans do not encourage or incentivize risk taking; the Nominating, Sustainability and Corporate Governance Committee oversees the independence of the Board, corporate ethics, sustainability and governance risk; and the Finance and Mergers and Acquisitions Committee has oversight over financial policies, acquisition strategy and financial strategy. However, the full Board has retained responsibility for enterprise-wide risks and for the general oversight of risks including cyber-related risks. The Board satisfies this responsibility by receiving reports from the committee chairs, as well as regular reports received directly from officers of MasTec who are responsible for overseeing and monitoring risks. Risk related to our compensation policies is described in the “*Risk Considerations in Our Compensation Programs*” section on page 42 of this Proxy Statement.

## Nominating, Sustainability and Corporate Governance Committee

*2022 Meetings: 4 | Chair: Julia L. Johnson*

*Members: Javier Palomarez, Robert J. Dwyer, Ava L. Parker*

The Nominating, Sustainability and Corporate Governance Committee is charged with oversight of ESG matters and initiatives in addition to its nominating and governance duties. The Board, in the exercise of its reasonable business judgment, has determined all the members on the Nominating, Sustainability and Corporate Governance Committee are independent under applicable NYSE and SEC rules and regulations. The Nominating, Sustainability and Corporate Governance Committee is responsible for developing qualifications for members of the Board, recommending to the Board candidates for election to the Board and evaluating the effectiveness and performance of the Board. The Nominating, Sustainability and Corporate Governance Committee also develops and monitors MasTec's Governance Principles and its code of business conduct and ethics; monitors and safeguards the Board's independence; and annually undertakes performance evaluations of the Board committees and the full Board. The Board has adopted a charter that sets forth the responsibilities of the Nominating, Sustainability and Corporate Governance Committee.

The Nominating, Sustainability and Corporate Governance Committee has no specific minimum qualifications for director candidates. In general, however, persons considered for membership on the Board must have demonstrated leadership capabilities, be of sound mind and high moral character and be willing and able to commit the necessary time for Board and committee service. In light of the importance of Board composition for effective oversight, the Nominating, Sustainability and Corporate Governance Committee strives to maintain an appropriate balance of tenure, diversity, skills and experience on the Company's Board. **The Committee has instituted a policy that the initial pool of candidates for any new board position include women and minorities.** In evaluating potential candidates for service on the Board, the Nominating, Sustainability and Corporate Governance Committee will consider the candidate's ability to satisfy the NYSE's and SEC's independence requirements and the candidate's ability to contribute to the effective oversight and management of MasTec. The Board has determined that the Board must have the right diversity, mix of characteristics, skills and other qualities identified from time to time by the Board as being important in fostering a diverse and inclusive culture, for the optimal functioning of the Board in its oversight of MasTec, and such other factors as the Nominating, Sustainability and Corporate Governance Committee may, in its discretion, deem important to successful service as a director.

The Nominating, Sustainability and Corporate Governance Committee will consider candidates recommended by MasTec shareholders pursuant to written applications submitted to the Nominating, Sustainability and Corporate Governance Committee, c/o Corporate Secretary, MasTec, Inc., 800 S. Douglas Road, 12th Floor, Coral Gables, Florida 33134. The information required to be included in any such recommendation is set forth in our bylaws, and the general qualifications and specific qualities and skills established by the committee for directors are included in the charter of the Nominating, Sustainability and Corporate Governance Committee and our Governance Principles. No nominee recommendations were received by the Nominating, Sustainability and Corporate Governance Committee from any shareholder or group of shareholders who beneficially own more than five percent of our common stock for the previous year's Annual Meeting of Shareholders.

## COMPENSATION OF DIRECTORS

### 2022 Director Compensation

In May 2022, the Compensation Committee directed its independent compensation consultant, Meridian Compensation Partners, LLC (“Meridian”) (see the “*Role of Compensation Consultant*” section on page 37 regarding the Compensation Committee’s retention of Meridian), to conduct a competitive review of MasTec’s independent director compensation program. Meridian’s review assessed our independent director compensation program against peer group practices (Meridian used the same peer group to assess our Named Executive Officers’ compensation that is described below under the caption “*Role of Peer Companies and Benchmarking*”).

Based upon the results of the competitive review, the annual retainer was increased from \$255,200 to \$290,000, paid on a quarterly basis.

A minimum of 55% of the compensation must be taken in the form of common stock to be issued under the MasTec, Inc. Amended and Restated 2013 Incentive Compensation Plan, which we refer to as the 2013 ICP, but directors may elect to take a greater portion of the quarterly fee in common stock and committee chairpersons may elect to take all or a portion of their annual retainers in the form of common stock. The former minimum was 50%. Shares will be valued at the last sale price of the common stock on the NYSE at the close of trading on the applicable quarterly payment date. Directors must make an initial election during an open trading window under MasTec’s insider trading policy and can change such election during an open trading window. The remainder of the retainer, if any, will be paid in the form of cash. No changes were made to the Committee Chair annual retainers.

Since January 1, 2020, our independent director compensation policy provides that independent directors must own, at the end of each calendar quarter, a minimum of \$500,000 in Company common stock valued based on the average closing price of the Company’s common stock on the NYSE during the 30 trading days preceding such quarter-end. Independent directors have five years to meet the requirement and new independent directors have a five-year exception period to meet such requirement. No independent director serving more than five years as of 2022 owned less than \$985,306 in Company common stock as of December 31, 2022. See the “*Stock Ownership and Retention Guidelines*” section on page 42 for more information on our stock ownership and retention guidelines.

Independent Director Compensation is summarized in the following table:

### Jorge Mas Compensation

Jorge Mas has been an employee of MasTec (or its predecessor) since 1979 and Chairman of our Board since 1998. In addition, Mr. Mas previously served as Chief Executive Officer of MasTec, during which time, he had day-to-day policy making responsibilities. Despite relinquishing the CEO position, Mr. Mas, through his continuous service as our chairman, his in-depth knowledge of our industry and our Company, his relationships with governmental leaders who are critical to our business, as well as the special relationship he has to MasTec as a member of its founding family and as a significant shareholder, fulfills a vital role for the Company.

## [Table of Contents](#)

Although Jorge Mas does not have a policy making role, his involvement in MasTec's management goes far beyond that of a director. His day-to-day role involves substantial consultation and collaboration with our CEO, Jose R. Mas, as well as other members of senior management. Jorge Mas provides constant and significant real-time assistance to our CEO and management team with respect to critical and sensitive strategic and other fundamental business issues such as government relations, mergers and acquisitions and financing. His commitment, both in time and substance, far exceeds that which would be contributed by a director. In addition, Mr. Mas's breadth of industry knowledge and long tenured experience with the Company enable him to provide invaluable advice and counsel to our CEO and other members of management. Given this active role and Mr. Jorge Mas's relationship to our CEO, beginning in 2017, the Board directed the Compensation Committee, made up entirely of independent directors, to determine appropriate compensation for Mr. Mas. Mr. Mas does not receive any compensation for his status as our Chairman of the Board.

For 2022, pursuant to applicable recommendations and approvals of the Compensation Committee and the independent directors of the Board (including those serving on the Compensation Committee), Mr. Jorge Mas received the following compensation package for 2022:

- Increase of 3% to his \$824,000 base salary to \$850,000.
- The grant by the Compensation Committee on March 10, 2023, of a cash bonus of \$900,000 and a grant of 43,701 shares of restricted stock with a market value of approximately \$4,200,000.<sup>1</sup>
- Mr. Mas also received: (i) imputed income of \$7,340 for life insurance policies on the lives of Mr. and Mrs. Jorge Mas that are owned by MasTec and are subject to a split dollar arrangement, (ii) medical insurance benefits of \$12,001, (iii) Executive Supplemental Long-Term Disability benefits of \$7,656, (iv) auto lease of \$26,843 and (v) \$25 of employee anniversary and holiday gift cards. See the "Certain Relationships and Related Transactions" section on page 62 for a description of the split-dollar agreement that MasTec entered into with Mr. Jorge Mas.

---

<sup>1</sup> The grant date value of the restricted stock award, which vests three years after the grant date, is based on the closing market price of \$96.02 for a share of our common stock on March 10, 2023.

### **Deferred Fee Plan**

Under the terms of the MasTec, Inc. Deferred Fee Plan for Directors, as amended, or the Deferred Fee Plan, directors may elect to defer the receipt of cash and stock fees for their services as directors. Each director may elect the type and percentage of fees to be deferred. Deferred cash fees may be directed to a deferred cash account or a deferred stock account (or both). Deferred stock fees may only be directed to a deferred stock account. Elections to defer fees remain in force unless amended or revoked within the required time periods. The deferred cash account will be credited with interest on the cash balance at the end of each calendar quarter. The interest rate is equal to the rate of interest payable by us on our revolving credit facility, as determined as of the first day of each calendar quarter. The deferred stock account will be credited with stock dividends (or with cash dividends that are converted to deferred stock credits pursuant to the plan). Distribution of a director's cash and stock accounts will begin on January 15 of the year following the directors' termination of all services with us or, in the case of a change of control (as defined in the Deferred Fee Plan), in a lump sum as soon as practicable following such change of control. Distributions from the deferred cash account will be made in cash and distributions from the deferred stock account will be made in shares of MasTec's common stock. Distributions will either be made in a lump-sum payment or in up to five consecutive installments as elected by the director.

## COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

In 2022, none of our then-serving executive officers or directors was a member of the board of directors, compensation committee or other board committee performing equivalent functions of any other company where the relationship would be considered a compensation committee interlock under SEC rules.

## COMMUNICATIONS WITH DIRECTORS

Interested parties who want to communicate with the Board as a whole, the lead independent director or any individual Board member should mark their communications as "Communication to the MasTec, Inc. Board of Directors," address them to the Board, the lead independent director or a Board member, as the case may be, and direct them to MasTec's Vice President of Investor Relations at MasTec, Inc., 800 S. Communications to the non-management members of the Board should be marked clearly as such and should be directed to MasTec's "Board Designee" and mailed or emailed to the foregoing addresses. The Vice President of Investor Relations will forward all such communications directly to such Board members. Any such communications may be made on an anonymous and confidential basis.

Copies of our current Audit Committee, Compensation Committee and Nominating, Sustainability and Corporate Governance Committee charters, as well as our Governance Principles, are available on MasTec's website located at [www.mastec.com](http://www.mastec.com) and are available in paper copy to any shareholder who requests them at MasTec, Inc., Legal Department, 800 S. ## CODE OF BUSINESS CONDUCT AND ETHICS

MasTec has adopted a code of business conduct and ethics, called the Code of Business Conduct and Ethics, that applies to all our directors, officers and employees and includes additional criteria that are applicable to our CEO and senior financial officers. The full text of the Code of Business Conduct and Ethics is available in the Investor section of MasTec's website at [www.mastec.com](http://www.mastec.com) under the tab "Corporate Governance" and is available in paper copy without charge to any shareholder

who requests it. We intend to provide amendments or waivers to our Code of Business Conduct and Ethics for any of our directors and senior officers on our website within four business days after such amendment or waiver. The reference to our website address does not constitute incorporation by reference of the information contained on the website, and such information is not a part of this Proxy Statement.

MasTec has also adopted anti-hedging and anti-pledging policies, which are further described on page 43.

## Proposal No. 1: Election of Directors

The Board has nominated Ernst N. Csiszar, Julia L. Johnson and Jorge Mas to stand for election as Class I Directors to hold office until the 2026 Annual Meeting of Shareholders and until their respective successors are elected and qualified. The Class I director nominees are incumbent directors.

The Board is composed of eight directors elected in three classes, with three Class I Directors, two Class II Directors and three Class III Directors. Except as otherwise provided under our Amended and Restated Bylaws and the Florida Business Corporation Act, directors in each class hold office for three-year terms. The terms of the classes are staggered so that the term of only one class terminates each year. The terms of the current Class I Directors expire at the Annual Meeting, the terms of the Class II Directors expire at the 2024 Annual Meeting of Shareholders and the terms of the Class III Directors expire at the 2025 Annual Meeting of Shareholders. If elected, the nominees for Class I Directors will serve until the 2026 Annual Meeting of Shareholders. Additional background information regarding the nominees for election is provided in the “*Board and Committee Membership*” section beginning on page 17. MasTec has no reason to believe that any of these nominees will refuse or be unable to serve as a director if elected; however, if any of the nominees refuses or is unable to serve, each proxy that does not direct otherwise will be voted for a substitute nominee designated by the Board.

***The Board recommends that you vote “FOR” the election of each of the nominees named above. Unless otherwise indicated, all proxies will be voted “FOR” the election of each of the nominees named above for election as a Class I Director.***

## Proposal No. 2: Ratification of the Appointment of Independent Registered Public Accounting Firm

The Audit Committee has selected and appointed the firm of BDO USA, LLP to act as our independent registered public accounting firm for the 2023 fiscal year. BDO USA, LLP was our independent registered public accounting firm for the fiscal year ended December 31, 2022. Although ratification is not required by our bylaws or otherwise, the Board is submitting the appointment of BDO USA, LLP to our shareholders for ratification as a matter of good corporate practice. If the appointment is not ratified, the Audit Committee will re-evaluate its appointment, taking into consideration our shareholders’ vote. However, the Audit Committee is solely responsible for the appointment and termination of our auditors and may do so at any time in its discretion.

Proxies will be voted “for” ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the 2023 fiscal year absent contrary instructions.

***The Board Recommends that You Vote “FOR” ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the 2023 fiscal year.***

### 2023 REPORT OF THE AUDIT COMMITTEE

*The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of MasTec’s filings under the Securities Act or the Exchange Act except to the extent that we specifically incorporate such report by reference.*

## [Table of Contents](#)

We act under a written charter that has been adopted by MasTec's Board. While we have the responsibilities set forth in this charter, it is not our duty to plan or conduct audits or to determine that MasTec's consolidated financial statements are complete, accurate or in compliance with generally accepted accounting principles. This is the responsibility of MasTec's management and independent registered public accounting firm.

Our primary function is to assist the Board in its evaluation and oversight of the integrity of MasTec's financial statements and internal control over financial reporting, the qualifications and independence of MasTec's independent registered public accounting firm and the performance of MasTec's audit functions. In addition, while we are also responsible for assisting the Board in its evaluation and oversight of MasTec's compliance with applicable laws and regulations, it is not our duty to assure compliance with such laws and regulations and related policies. We are also responsible for reviewing and discussing MasTec's guidelines, policies and processes with respect to risk assessment and risk management and we advise the Board with respect to such matters, as appropriate. We are responsible for retaining MasTec's independent registered public accounting firm and maintain sole responsibility for its compensation, oversight and termination. We are also responsible for pre-approving all non-audit services to be provided by the independent registered public accounting firm, and on an annual basis discussing with the independent registered public accounting firm all significant relationships it has with MasTec to determine its independence. The Audit Committee also oversees the internal audit function of MasTec.

The agenda of the Audit Committee is established by the Chairman of the Audit Committee. At its meetings, the Audit Committee generally met with senior members of the financial management team. Members of the Audit Committee had private executive sessions, as appropriate, at its meetings, with MasTec's independent registered public accounting firm for the purpose of discussing financial management, accounting and internal control issues, including those matters required to be discussed pursuant to the applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") and the SEC, and the rules of the NYSE. The Audit Committee also has executive sessions with the director of internal audit.

The Audit Committee also received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence. The Audit Committee reviewed and discussed with the independent registered public accounting firm its independence from MasTec. In connection with discussions regarding independence, the Audit Committee also reviewed with the independent registered public accounting firm whether the provision of non-audit services by the independent registered public accounting firm to MasTec is compatible with the auditors' independence.

The Audit Committee reviewed the audited financial statements contained in MasTec's Annual Report on Form 10-K for the fiscal year ended December 31, 2022, with MasTec's management, including a discussion of the accounting principles, the reasonableness of judgments and estimates, the clarity of disclosure in the consolidated financial statements and the conformity of the consolidated financial statements of MasTec with generally accepted accounting principles. In performing its functions, the Audit Committee acts in an oversight capacity. The Audit Committee relies on the work and assurances of MasTec's management, which has the primary responsibility for the financial statements and reports, and of the independent registered public accounting firm, which, in its report, expressed an opinion on the conformity of our annual financial statements with generally accepted accounting principles. In reliance on these reviews and discussions, and the report of the independent registered public accounting firm, the Audit Committee recommended to the Board, and the Board approved, that the audited financial statements be included in MasTec's Annual Report on Form 10-K for the year ended December 31, 2022.

Fees for services rendered by our independent registered public accounting firm, BDO USA, LLP, for audit related services included procedures performed for the 401(k) Retirement Plan.

## PRE-APPROVAL POLICIES

The Audit Committee pre-approves all auditing services and the terms of such services (which may include providing comfort letters about securities underwritings) and non-audit services provided by our independent registered public accounting firm, but only to the extent that the non-audit services are not prohibited under applicable law and the Audit Committee reasonably determines that the non-audit services do not impair the independence of the independent registered public accounting firm. The authority to pre-approve non-audit services may be delegated to one or more members of the Audit Committee, who present all decisions to pre-approve an activity to the full Audit Committee at its first meeting following such decision. The pre-approval requirement is waived with respect to the provision of non-audit services for MasTec if (i) the aggregate amount of all such non-audit services provided to MasTec constitutes not more than 5% of the total amount of revenues paid by MasTec to its independent registered public accounting firm during the fiscal year in which such non-audit services were provided, (ii) such services were not recognized at the time of the engagement to be non-audit services, and (iii) such services are promptly brought to the attention of the Audit Committee or by one or more of its members to whom authority to grant such approvals has been delegated by the Audit Committee. The Audit Committee has considered and determined that the provision of the non-audit services described above is compatible with maintaining the auditor's independence.

During 2021 and 2022, audit services, audit related services and all other services provided by BDO USA, LLP were pre-approved by the Audit Committee.

## Compensation Discussion and Analysis

### A MESSAGE FROM OUR COMPENSATION COMMITTEE

We continue to be proud of our executive leadership. They have been instrumental in navigating the unprecedented changes of the past few years, integrating a large number of acquisitions with our existing portfolio and prudently making capital expenditures to add equipment and materials during a period affected by supply constraints and inflation. Despite this growth and investment, we have generated excellent cash flow and a strong balance sheet, while paying down acquisition related indebtedness. This has allowed us to achieve and maintain investment grade credit ratings from multiple rating agencies. Looking to the future, with the support of our Board, the executive team has led MasTec's strategic investment program to execute a significant end-market transformation over the last two years to support the nation's energy transition to sustainable renewable energy sources. By expanding our Communications, Clean Energy and Infrastructure and Power Delivery segments, MasTec has placed itself in the position to meet expected high customer demand growth for renewable power generation, power grid transmission and distribution and civil infrastructure over the next decade, as well as, to capitalize on the continued expected growth in telecommunications infrastructure and new green pipeline services.

In late 2020, a year in which we generated \$6.3 billion in revenue, our executive team set a long-term goal of \$10 billion in revenue. While ambitious at the time, as of the end of 2022, a little more than 24 months later, our annual revenue run rate was approximately \$12 billion, including our transformative 2021 and 2022 acquisitions. Our guidance for 2023 now approximates \$13.0 billion in annual revenue. Importantly, we are working to integrate our recently expanded operations and capacity with our existing operations to allow us to take full advantage of growth opportunities across multiple end markets in 2023 and beyond.

We completed 2022 with record revenue approaching \$10 billion, net income of \$33.9 million and adjusted EBITDA\* of \$780.6 million. During 2022, we focused on substantially completing integration of the 14 acquisitions that we executed during 2021 and, in 2022, we successfully completed five acquisitions, including the October acquisition of Infrastructure and Energy Alternatives, Inc. ("IEA"), one of the largest utility-scale renewable energy infrastructure solutions providers in North America. This strategic acquisition significantly expands our Clean Energy & Infrastructure service capabilities and customer base. IEA adds over \$2 billion in revenue and approximately 5,000 team members in a tight market for skilled labor, significantly expanding the scale, expertise and capacity of our renewable power construction and maintenance service offerings.

We are fortunate to have a long-serving senior leadership team guiding our Company in the continuing challenging, complex and constantly changing business environment. We believe that our executive compensation program plays a critical role in retaining our leadership team members, rewarding them for achieving long-term improvement in our operating results and positioning us to take advantage of changing markets and customer demand, aligning their interests with those of our shareholders and building long-term value for our shareholders and other stakeholders.

Our compensation program's key objectives are to reward our executive team for its efforts and results, to retain our best performing and successful team members and to attract new talent that can help MasTec achieve its strategic and operating goals and increase the productivity, efficiency, quality and sustainability of our operations.

In this compensation discussion and analysis, we present information about the compensation paid to our NEOs for 2022: Jose R. Mas, our Chief Executive Officer ("CEO"), Robert Apple, our COO, George Pita, our former EVP and CFO, who retired effective March 31, 2023, and Alberto de Cardenas, our EVP, General Counsel and Secretary. We have provided information regarding how our executive compensation program works and the decisions made about pay, as well as how those decisions were made. We believe that it is a key job to communicate to our shareholders about our compensation program and to help you understand the rationale for our compensation decisions to support our executive compensation program and to contribute to MasTec's success.

We appreciate your inclusion of MasTec in your investment portfolio and your support for our Company as we continually strive to meet our customers' demands and build long-term and sustainable value for our shareholders.

### OUR GENERAL PHILOSOPHY REGARDING EXECUTIVE PAY

MasTec's objectives for its executive compensation program are to attract, motivate and retain a talented, entrepreneurial and innovative team of executive officers who will provide leadership for MasTec's success in dynamic and highly competitive markets. MasTec seeks to accomplish these objectives in a way that rewards both company and individual performance and aligns our executives' interests with our shareholders' long-term interests.

The compensation for each NEO consists of two primary elements: base salary and annual performance bonus, the latter of which is paid partially in restricted stock. Base salaries provide a fixed level of compensation necessary to attract and retain our executive officers. However, the greatest portion of their compensation (an average of 86% for 2022) is in the form of at-risk variable annual performance bonuses.

- *Our annual performance bonus, which is paid partially in cash and partially in time-vested restricted stock, encourages retention, incentivizes achievement of key operating results and long-term strategic goals and rewards the creation of long-term shareholder value.*

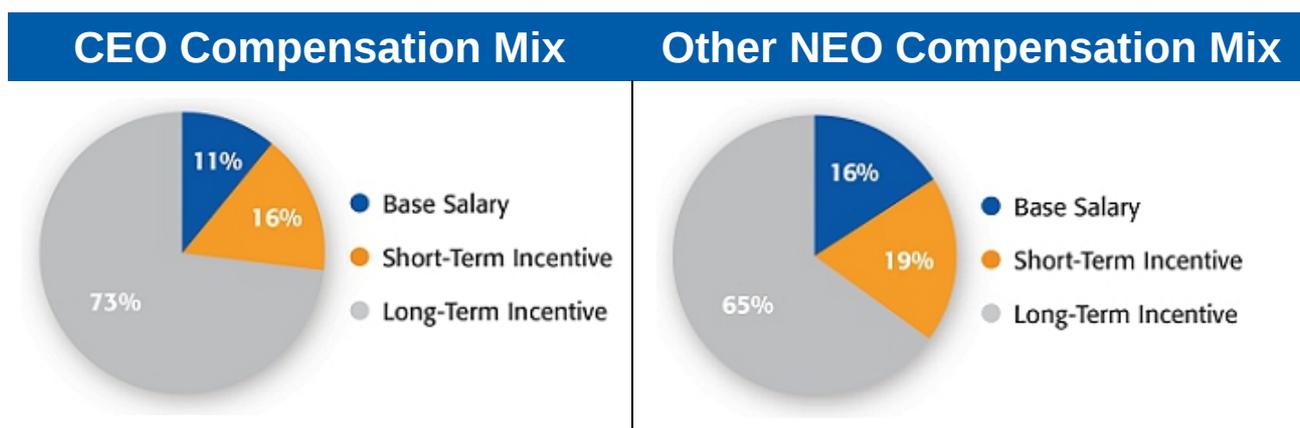

When we set compensation amounts and select compensation components for our executive management, we strive to reward the achievement of both short-term and long-term results that promote earnings growth and stock appreciation. Our primary measure is Adjusted EBITDA. Other primary measures include three-year revenue growth, three-year earnings per share (“EPS”) growth and return on invested capital (“ROIC”)<sup>1</sup>. Overall, we intend that our compensation philosophy provides market-competitive base pay levels with meaningful incentive opportunities to promote strong performance. This compensation philosophy extends to all levels of our management.

We do not have specific policies for allocating between long-term and short-term compensation or between cash and non-cash compensation; however, the Compensation Committee considers the achievement of long-term goals in its compensation decisions and, by awarding the majority of incentive compensation in the form of three-year cliff vesting restricted stock, links at least 50% of incentive compensation to achievement of long-term shareholder value. The Compensation Committee maintains a balance of performance-based and retention-oriented pay for each NEO considering market data on the mix of pay but also using discretion in making its decisions. The below illustrations show the balance between fixed and performance-based compensation for the CEO and the other NEOs.

These elements are designed to reward corporate and individual performance in a simple and straightforward manner through future appreciation in the value of MasTec’s stock. We believe that this emphasis on long-term value also contributes to the sustainability of our business. MasTec’s executive compensation program is also intended to promote and retain stability within the executive team.

Each NEO is a member of MasTec’s executive team. To that end, our NEOs, as well as other executives, are expected to contribute to MasTec’s overall success rather than focus solely on specific objectives within each executive’s area of responsibility. Given this team-based approach, MasTec considers relative compensation levels among all executive team members to ensure that our compensation programs are applied consistently and equitably. Executives who underperform are either removed from the executive team with their compensation adjusted accordingly or dismissed.

The following charts summarize the mix among base salary, short term incentive pay (cash bonuses), and long-term incentive pay (three-year cliff vesting restricted stock) for our NEOs for their 2022 performance:

<sup>1</sup> Revenue growth is the change in Revenue over a specific time period; EPS Growth is the change in Earnings per Share over a specific time period. Return on Invested Capital for a specific time period is net income divided by debt plus equity.

## 2022 BUSINESS HIGHLIGHTS

In setting our executives' compensation, we considered MasTec's financial performance, including:

### Record Revenue and Record 18-Month Backlog as of December 31, 2022

- Revenue was up 23% to a record \$9.8 billion, compared to \$8.0 billion for 2021.
- Strong balance sheet with favorable leverage metrics and ample liquidity despite vigorous acquisition activity and increased working capital usage related to expanded revenues.
- Record 18-Month Backlog as of December 31, 2022 of \$13 billion, a 31% increase over 2021.
- Acquisition of IEA, which contributed \$593 million of revenue in the 2022 fourth quarter.
- Moody's, S&P and Fitch have all maintained MasTec at investment grade.
- Year-end stock price of \$85.33, for a five-year average Total Shareholder Return of 11.8%.

## ROLE OF COMPENSATION COMMITTEE

The Compensation Committee of our Board is responsible for assessing recommendations of pay and approving pay levels for our executive management.

The Compensation Committee targets NEO compensation levels with the following goals in mind:

- Market-competitive base pay.
- Short-term and long-term incentive grants that appropriately reward past performance and share value appreciation, create incentives for long-term growth in MasTec's financial performance and shareholder value, as well as promote executive retention.
- Levels of benefits and modest perquisites adequate to attract and retain talented and qualified executive officers.

## [Table of Contents](#)

The Compensation Committee determines and approves all compensation for the CEO and the other NEOs. The Company compiles information for the Committee's review. Then the Compensation Committee conducts an evaluation of each NEO to determine if changes in the officer's compensation are appropriate based on the considerations described herein.

At the Compensation Committee's request, the CEO provides input regarding the performance and appropriate compensation of the NEOs other than himself. The CEO does not participate in the Compensation Committee's deliberations or decisions about his own compensation. The Compensation Committee gives considerable weight to the CEO's evaluation of the other NEOs because of his direct and in-depth knowledge of each executive. The Compensation Committee reviews those recommendations for non-CEO executive compensation and then determines the compensation levels for all our NEOs, considering each executive officer's role, performance, internal pay comparisons and available market data, as well as the Company's overall performance. The Compensation Committee then recommends the compensation for our CEO to the independent members of the Board for their final approval. The Compensation Committee also administers our incentive compensation plans, including the 2013 ICP.

### **ROLE OF COMPENSATION CONSULTANT**

The Compensation Committee retained Meridian as its independent compensation consultant. The Compensation Committee from time to time uses the services of Meridian to assist in benchmarking executive and director compensation. Other services provided by Meridian to the Compensation Committee included review of the compensation peer group, legislative and governance updates and assistance with proxy statement disclosure. Meridian did not assist MasTec in adjusting compensation levels and did not attend any meetings of the Compensation Committee.

Other than as described above and below, Meridian provided no other services to the Compensation Committee and provided no services to management during fiscal 2022. The Compensation Committee, considering all relevant factors, including those set forth in applicable SEC and NYSE rules, is not aware of any conflict of interest that has been raised by the work performed by Meridian.

### **ROLE OF PEER COMPANIES AND BENCHMARKING**

The Compensation Committee was assisted by Meridian to construct a peer group appropriate for market comparisons of compensation for our NEOs and outside directors. Following the IEA acquisition and based on advice from Meridian, the Compensation Committee determined it was appropriate to update our peer group in 2022 to account for our significant growth and to improve comparability. Two previous peers were removed, and five new peers were added. The Compensation Committee used data derived from the previous peer group to evaluate the compensation of our NEOs and to help set 2022 compensation of the NEOs. Meridian provided the Compensation Committee with a competitive analysis of compensation for our NEOs relative to the peer group (the "Competitive Analysis"). Data from the new peer group was used in the fall of 2022 to inform 2023 pay decisions.

Based on revenues for the fiscal year ended 2021, MasTec was near the median of the peer group with respect to revenue size and, as it has in the past, the Compensation Committee focused on the median of the data in establishing the peer group used for market comparisons.

| SNC-Lavalin Group Inc.        |                                   |

The Compensation Committee reviewed information in the Competitive Analysis regarding peer median executive compensation, including both as to the mix of pay components (base salary, cash bonus and long-term incentives) and the amounts thereof, our executive compensation and our financial performance in comparison to the selected peers and considered that information, among other things, when it determined total compensation levels.

The Compensation Committee did not, however, set compensation components (or total target compensation) to meet specific market benchmark percentiles to avoid compensation unrelated to the value delivered by the NEOs or the performance of MasTec. At MasTec, annual incentive compensation awards are heavily based on prior year corporate and individual performance.

#### **SAY ON PAY AND SHAREHOLDER OUTREACH**

The 2022 non-binding shareholder say on pay vote was 94.5 percent. We engage with key shareholders to discuss and obtain feedback on our corporate governance, executive compensation and sustainability-related matters, as well as other issues important to our shareholders. Our stock ownership guidelines for our Named Executive Officers and our clawback policy also resulted from past shareholder outreach efforts. The Compensation Committee considered the results of the most recent Say On Pay vote as evidence of shareholder satisfaction with the Company's executive compensation program and policies and therefore, made no changes to the program as a result of the vote.

#### **COMPONENTS OF OUR EXECUTIVE COMPENSATION FOR 2022**

The primary components of compensation paid to our NEOs are base salary and performance based annual bonuses paid partially in cash and partially in time-based restricted stock. Each element is described in more detail below.

Decisions with respect to one element of compensation tend not to affect decisions regarding other elements.

| Component          | Objective  | Type of Compensation  |
|--------------------|--|---|
| <b>Fixed Pay</b>   | Our objective for base salary is to provide our NEOs a minimum, fixed level of cash compensation commensurate with their positions and qualifications. Base salary is designed to reward core competence in each NEOs role. We choose to pay base salary for talent attraction and retention. Salaries are set based on the performance of the NEO; market data adjusted for individual qualifications and job uniqueness. | Bi-weekly cash base salary. Salaries initially are negotiated and set forth in employment agreements with each NEO and thereafter reviewed annually. We have not entered into any new employment agreements with our NEOs since 2014, provided, that on April 1, 2023 we entered into an employment agreement with Paul DiMarco, our new CFO who will be a NEO for the fiscal year ending December 31, 2023.  |
| <b>At Risk Pay</b> | An objective of our 2013 ICP is to reward NEOs for Company and individual performance during the prior year. The 2013 ICP is designed to reward NEOs for contributions as members of the executive team to MasTec's overall success rather than specific objectives solely within NEOs area of responsibility.   | We choose to pay this performance based annual incentive compensation in the form of both cash and restricted stock that vests over a three-year period. The amount of the annual incentive award is based on 2022 adjusted EBITDA performance and the growth over three years of Revenue and EPS, as well as ROIC. We may also consider other factors such as successful acquisition activity. We believe that paying a significant portion of annual incentive compensation in the form of three-year cliff vesting restricted stock incentivizes our management to build long-term shareholder value, aligns the interests of our management team with those of our shareholders and contributes to retention of our leadership team members. Executive officers eligible to receive an award under the 2013 ICP are selected by the Compensation Committee no later than 90 days following the start of each fiscal year, at which time the Compensation Committee also determines the maximum amount of the award opportunity. |
| <b>Benefits</b>    | The objective of our benefits program is to provide our NEOs with a competitive benefits package.  | Includes medical, dental, disability, life insurance and accidental death.  |
| <b>Retirement</b>  | The objective of our retirement benefits is to assist our employees with the accumulation of adequate financial assets for retirement.   | <p>Our executive officers may participate in the 401(k) and Deferred Compensation Plans.</p> <p>We make safe harbor matching contributions equal to 100% of the first 3% of compensation that each eligible participant elects to contribute to the 401(k) Plan in that year plus 50% of the amount of such participant's contributions more than 3% but not more than 5% of such participant's compensation. The matching contributions to the 401(k) Plan are paid 50% in cash and 50% in MasTec common stock.</p> <p>No Company matching contributions were made in 2022 to the Deferred Compensation Plan. Participants, including NEOs, may obtain distributions from the Deferred Compensation Plan only upon termination of employment or for elected in-service distributions.</p> <p>We also believe that our stock ownership guidelines contribute to our executives' retirement planning and asset accumulation.</p>   |

**ADDITIONAL COMPENSATION COMPONENTS:**

| Component                          | Description  |
|------------------------------------|--|
| <b>Split Dollar Life Insurance</b> | We cover Jorge Mas and Jose R. Mas under split dollar insurance policies. The objective is to provide protection to the Company by allowing Messrs. Mas' and Mas' beneficiaries to use the proceeds under these policies to pay estate taxes instead of using the proceeds from large stock dispositions that could be disruptive to the market price of MasTec's common stock. In addition, the policies are an efficient method of providing compensation with a high perceived value to the recipients.<br><br>For more information, see the "Certain Relationships and Related Transactions" section beginning on page 62. |
| <b>Perquisites</b>                 | We provide a limited number of perquisites to our NEOs with the objective of attracting and retaining executive officers in a competitive marketplace. Perquisites are not designed to reward any particular executive behavior.   |

**2022 PERFORMANCE AND COMPENSATION DECISIONS**

In addition to our 2022 financial performance detailed above, our Compensation Committee reviewed and considered the Performance Measures on page 55 prior to their final decisions on 2022 compensation for our NEOs. For details of our peer group see page 37.

**2023 and 2022 Base Salary**

The Compensation Committee sets each NEO's base salary based on a number of factors including the NEO's core competency, position and qualifications as well as competitive market data derived for our peer group. Based on these factors, the Compensation Committee approved the following 2023 base salaries for NEOs

| Executive   | 2022 Base Salary | 2023 Base Salary |
|---|------------------|------------------|
| Jose R. Mas, CEO  | \$1,100,000      | \$1,250,000      |
| Robert Apple, COO                                       | \$702,975        | \$750,000        |
| George Pita, Former EVP and CFO (1)                     | \$540,750        | \$540,750        |
| Alberto de Cardenas, EVP, General Counsel and Secretary | \$463,500        | \$495,000        |

(1) Mr. Pita retired from his positions effective March 31, 2023.

**2022 Incentive Compensation Awards**

The objectives of the Company's annual incentive program are:

- To provide incentive compensation linked to Company and individual NEO performance;
- To equally incentivize annual and long-term performance;
- To attract and retain executives of outstanding ability;
- To align the interests of the NEOs with the interests of the Company's shareholders; and
- To incentivize management to build long-term shareholder value by paying a majority of earned incentives in the form of restricted stock that vests over a period of years.

The Compensation Committee determined the size of each NEO's annual incentive award by considering numerous financial factors, including MasTec's operating performance and 2022 results in revenue, income from operations, adjusted EBITDA\*, cash flow from operating activities and liquidity. The Committee also considered MasTec's three-year Revenue and EPS growth, as well as ROIC. The successful integration of 14 companies acquired during 2021, as well as, the acquisition of five companies in 2022, including IEA, was a significant consideration. Early achievement of the long term goal to pass \$10 billion in revenue was viewed as a major accomplishment. The Compensation Committee also considered our NEOs' focus on safety, which led to a continued reduction in frequency of incidents compared to previous years and management of our financial position as reflected by our cash flow from operating activities, overall debt level and improved book leverage and considered the Competitive Analysis as described above.

## [Table of Contents](#)

In establishing the annual incentive program for 2022, the Compensation Committee determined that annual incentive awards would not be payable unless the Company achieved a threshold of adjusted EBITDA of \$680 million, which represents 72% of 2021 adjusted EBITDA. In addition, the combined incentive awards for all NEOs were capped at 5% of actual Adjusted EBITDA. See below table for details of the change to our maximum cap on NEO compensation. Adjusted EBITDA is generally calculated by taking MasTec's consolidated net income, determined in accordance with generally accepted accounting principles, and adding back interest, depreciation, amortization and income taxes and adjusting for certain other items of income or expense, all as more detailed in the Non-GAAP Reconciliations. The Compensation Committee has determined Adjusted EBITDA to be a consistent measure of operating performance. The Compensation Committee also reviewed tally sheets totaling 2021 compensation for each of the NEOs to assist in determining 2022 incentive compensation. These tally sheets identify and value each element of each NEO's compensation, including base salary, cash and equity incentive awards and perquisites, and provide an aggregate sum for each NEO, as well as peer group public data (prepared by Meridian) for similar executive positions.

| Year | Threshold<br>(Minimum Adjusted<br>EBITDA for payout) | Maximum Award Amount                                 | Adjusted<br>EBITDA | Maximum Payout<br>as % of Adjusted<br>EBITDA |
|------|--|--|--------------------|--|
| 2020 | \$632 million  | \$24.3 million for each NEO or \$97.2 million total  | \$800 million      | 12%  |
| 2021 | \$610 million  | \$27.9 million for each NEO or \$111.6 million total | \$939 million      | 12%  |
| 2022 | \$680 million  | \$39 million total for all NEOs                      | \$781 million      | 5%   |

Based on the foregoing considerations, the Compensation Committee approved awards of restricted stock and cash under the 2013 ICP, as set forth in the table below.

| Executive   | Cash (\$)   | Shares of<br>Restricted Stock | Restricted Stock<br>Value (\$)* | Total (\$)  |
|---|-------------|-------------------------------|---------------------------------|-------------|

| Robert Apple, COO                                       | \$840,000   | 32,285                        | \$3,100,000                     | \$3,940,000 |
| George Pita, Former EVP and CFO (1)                     | \$660,000   | 26,036                        | \$2,500,000                     | \$3,160,000 |
| Alberto de Cardenas, EVP, General Counsel and Secretary | \$465,000   | 13,539                        | \$1,300,000                     | \$1,765,000 |

(1) Mr. Pita retired from his positions effective March 31, 2023.

\*The approximate values of the shares of restricted stock were calculated based on the closing price of MasTec's Common Stock as reported on the NYSE on March 10, 2023 (\$96.02), in accordance with the definition of "Fair Market Value" under the 2013 ICP.

The restricted stock will vest 100% on the third anniversary of the grant dates. Subject to certain limited exceptions, a NEO's grant of restricted stock will be forfeited if the NEO terminates employment prior to such third anniversary. See the Summary Compensation Table for details.

## **TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL AGREEMENTS**

We generally negotiate employment agreements with our NEOs. The objective of these arrangements is to secure qualified executive officers for leadership positions in our organization as well as to protect our business and intellectual property by restrictive covenants, including non-competition covenants, contained in the agreements. As of March 31, 2023, we had employment agreements with all our NEOs for their current positions. See "*Employment and Other Agreements*" below.

Our employment agreements provide for the payment of certain compensation and benefits in the event of a change in control of MasTec, as well as in the event of the termination of an executive's employment. The amount payable varies depending upon the reason for the payment. Providing for payments upon a change in control helps preserve MasTec's value by reducing any incentive for key executive officers to seek employment elsewhere if a change in control of MasTec is proposed or becomes likely. Moreover, on an ongoing basis, these arrangements help maintain the continuity of our management team, which we view as a driver of shareholder value. See the "*Potential Payments upon Change in Control and Termination of Employment as of December 31, 2022*" section below for a description of these provisions and a calculation of the amounts that would be payable thereunder if a change in control of MasTec had occurred on December 31, 2022. The Compensation Committee has publicly committed to not include change in control related excise tax gross ups in future executive employment agreements. The Compensation Committee has also committed to not include single trigger provisions in future executive employment agreements.

## DEFERRED COMPENSATION PLAN

In 2008, our Board adopted the MasTec Non-Qualified Deferred Compensation Plan, and in 2020, our Board adopted an amendment and restatement of such plan. Certain management and highly compensated employees, including executive officers, are eligible to participate in the plan. The objective of this plan is to provide this group of employees with an opportunity, on a voluntary basis, to defer compensation without regard to the IRS limits imposed on our qualified 401(k) Plan. Under the plan, participants can defer up to 50% of their base salary and overtime and 100% of their bonus in any given year. We make discretionary matching contributions into the plan. The amount of the matching contribution is determined on an annual basis. No match was awarded in 2019, 2020, 2021 or 2022. Company matching contributions, if any, vest at a rate of one-third per year of service. An employee's elective contributions are 100% vested when contributed. Our Board or the Compensation Committee may in its sole discretion, but is not required to, credit a contribution to any participant's account under this plan. Such contributions may be smaller or larger than the amount credited to any other participant in any given year. No contributions were made in the three years ended December 31, 2022. Participants may obtain distributions from the plan only upon termination of employment or for elected in-service distributions, at which time the distribution will be fully taxable to the employee.

## CLAWBACK POLICY

In 2017 MasTec adopted a clawback policy that permits us to seek to recover certain amounts of incentive compensation, including both cash and equity, paid to any executive officer (as defined in the Securities Exchange Act of 1934, as amended (the "Exchange Act") on or after January 1, 2017, if payment of such compensation was based on the achievement of financial results that were subsequently the subject of a restatement of our financial statements due to fraud, and the executive engaged in improper conduct that materially contributed to the need for restatement, and a lower amount of incentive compensation would have been earned based on the restated financial results. Although the SEC has adopted new rules regarding the scope and function of clawback policies, such rules await implementation by the NYSE under its listing standards; accordingly MasTec anticipates that it will modify its policy to comply with such standards not later than their effectiveness.

## RISK CONSIDERATIONS IN OUR COMPENSATION PROGRAMS

MasTec has reviewed its compensation structures and policies as they pertain to risk and has determined that its compensation programs do not create or encourage the taking of risks that are reasonably likely to have a material adverse effect on MasTec. Use of Adjusted EBITDA targets for senior executive bonuses ensures that compensation is based upon the overall performance of MasTec. Moreover, our equity grants typically provide for a three-year cliff vesting period, which we believe encourages our executive officers to manage with the long-term success of MasTec as a key objective. Compensation for other personnel is closely monitored by our senior executive officers considering this long-term perspective.

## STOCK OWNERSHIP AND RETENTION GUIDELINES

All NEOs are required to own shares of MasTec common stock with a value of not less than a specified multiple of their base salary. The policy also requires NEOs to retain 50% of net after-tax shares acquired during the year upon vesting (or exercise of stock options) unless his or her ownership level was satisfied as of the beginning of the year. The chart below shows the multiple of base salary ownership requirements and actual ownership levels and the market price of MasTec common stock as of December 31, 2022. Jose R. Mas' pledged shares are excluded from the below calculation.

| Executive   | Ownership Requirement | Ownership as of December 31, 2022 |
|---|-----------------------|-----------------------------------|
| Jose R. Mas, CEO  | 10x base salary       | 321x                              |
| Robert Apple, COO                                       | 2x base salary        | 24x                               |
| George Pita, Former EVP and CFO (1)                     | 2x base salary        | 24x                               |
| Alberto de Cardenas, EVP, General Counsel and Secretary | 2x base salary        | 15x                               |

(1) Mr. Pita retired from his positions effective March 31, 2023.

## **ANTI-HEDGING AND ANTI-PLEDGING POLICIES**

MasTec has a policy prohibiting its directors, officers and employees from engaging in short sales, including a “sale against the box” (a sale with a delayed delivery), the buying or selling of puts or calls or derivatives involving MasTec securities, and holding MasTec securities in margin accounts or pledging MasTec securities as collateral for a loan, unless such person demonstrates the financial capacity to repay the loan (not including margin debt) without resort to the pledged securities. Our Board has made exceptions to this policy for our Chairman, Jorge Mas and our CEO, Jose R. Mas, in connection with certain financing arrangements. For additional details, refer to Footnotes 3 and 4 of the “*Security Ownership*” section beginning on page 58.

## **ACCOUNTING FOR STOCK-BASED COMPENSATION**

Before granting stock-based compensation awards, the Compensation Committee considers the accounting impact of the award as structured and under various other scenarios to analyze the expected impact of the award.

## Compensation Committee Report on Executive Compensation

The following report of the Compensation Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of MasTec's filings under the Securities Act of 1933, as amended, referred to as the Securities Act, or the Securities Exchange Act of 1934, as amended, referred to as the Exchange Act, except to the extent that we specifically incorporate such report by reference.

In fulfilling our role, we met and held discussions with MasTec's management and reviewed and discussed the Compensation Discussion and Analysis contained in this Proxy Statement on Schedule 14A. Based on the review and discussions with management and our business judgment, we recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement on Schedule 14A for filing with the SEC.

## POTENTIAL PAYMENTS UPON CHANGE IN CONTROL AND TERMINATION OF EMPLOYMENT AS OF DECEMBER 31, 2022

Each of the NEOs has an employment agreement with us that provides for us to make continued payments and provide certain benefits to the executive upon change in control and termination of employment with the Company.

Each of the employment agreements for the NEOs also provides for each of such NEOs to receive certain payments in the event of a change in control, as follows:

- **Jose R. Mas.** Mr. Mas would become entitled to receive a lump sum payment equal to one and a half times his base salary and average performance bonuses during the last three calendar years for which he was an employee, a gross-up payment if an excise tax is triggered, the immediate vesting of any previously unvested options and restricted stock and the continuation of benefits for the balance of the term of the agreement.
- **Robert Apple.** Mr. Apple would become entitled to receive 12 monthly payments at an annual rate equal to one and a half times his base salary and average performance bonuses during the last three calendar years for which he was an employee, a gross-up payment if an excise tax is triggered, the immediate vesting of any previously unvested options and restricted stock and the continuation of benefits for the balance of the term of the agreement.
- **George Pita.** Mr. Pita would be entitled to a lump sum payment equal to one and a half times his base salary and average performance bonuses during the last three calendar years for which he was an employee, the immediate vesting of any previously unvested options and restricted stock and the continuation of benefits for the balance of the term of the agreement. Under certain circumstances, the change in control payment would be reduced to avoid triggering an excise tax on such benefits.
- **Alberto de Cardenas.** Mr. de Cardenas would become entitled to a lump sum payment equal to one and a half times his base salary and average performance bonuses during the last three calendar years for which he was an employee, the immediate vesting of any previously unvested options and restricted stock and the continuation of benefits for the balance of the term of the agreement. Under certain circumstances, the change in control payment would be reduced to avoid triggering an excise tax on such benefits.

For these purposes, “Change in Control” generally means:

- **Acquisition by Person of Substantial Percentage.** The acquisition by a person or entity (each, a “Person”) (including “affiliates” and “associates” of such Person, but excluding MasTec, any “parent” or “subsidiary” of MasTec or any employee benefit plan of MasTec) of a sufficient number of shares of the common stock, or securities convertible into the common stock, and whether through direct acquisition of shares or by merger, consolidation, share exchange, reclassification of securities or recapitalization of or involving MasTec or any “parent” or “subsidiary” of MasTec, to constitute the Person the actual or beneficial owner of 51% or more of the common stock of MasTec;
- **Disposition of Assets.** Any sale, lease, transfer, exchange, mortgage, pledge or other disposition, in one transaction or a series of transactions, of all or substantially all the assets of MasTec or of any “subsidiary” of MasTec to a Person described above, but, with regard to Robert Apple’s, George Pita’s and Alberto de Cardenas’ employment agreements, only if such transaction occurs without approval or ratification by a majority of the members of the Board of Directors of MasTec; or
- **Substantial Change of Board Members.** During any fiscal year of MasTec, individuals who at the beginning of such year constitute the Board cease for any reason to constitute at least a majority thereof, unless the election of each director who was not a director at the beginning of such period has been approved in advance by most of the directors in office at the beginning of the fiscal year.

For purposes of the definition of “Change in Control,” the terms “affiliate,” “associate,” “parent” and “subsidiary” shall have the respective meanings ascribed to such terms in Rule 12b-2 under the Exchange Act.

Each NEO's employment agreement also provides that such NEO would be entitled to receive certain payments if such NEO's employment was terminated as follows:

- **Jose R. Mas.** Following termination of Mr. Mas' employment by us without cause (as defined in the agreement) or by Mr. Mas for good reason (as defined in the agreement), Mr. Mas would receive an amount equal to his base salary, and the average of the performance bonuses (as defined in the agreement) he received during the last three calendar years and certain employee benefits set forth in the agreement, which shall be payable over a period of 12 months from the date of termination, and, if he has not breached certain of his obligations set forth in his employment agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. In the event Mr. Mas's employment is terminated by MasTec because of death or disability, then Mr. Mas or his estate would receive his base salary and the pro-rata portion of his annual performance bonus earned through the date of death or disability to which he would have been entitled for the year in which the death or disability occurred, and any unvested options and restricted stock would immediately vest. In the event Mr. Mas's employment is terminated by us for cause (as defined in the agreement), Mr. Mas would receive his base salary through the date of termination and would forfeit any entitlement he may have to receive any performance bonus for the year in which employment terminates.
- **Robert Apple.** Following termination of Mr. Apple's employment by us without cause (as defined in the agreement) or by Mr. Apple for good reason (as defined in the agreement), Mr. Apple would receive an amount equal to his base salary and the average of the performance bonuses (as defined in the agreement) he received during the last three calendar years and certain employee benefits set forth in the agreement, which shall be payable over a period of 12 months from the date of termination and, if he has not breached certain of his obligations set forth in his employment agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. If Mr. Apple's employment is terminated by MasTec because of death or disability, then Mr. Apple or his estate would receive his base salary and any annual performance bonus earned through the date of death or disability to which he would have been entitled for the year in which the death or disability occurred, and any unvested options and restricted stock would immediately vest. In the event Mr. Apple's employment is terminated by us for cause (as defined in the agreement), Mr. Apple would receive his base salary through the date of termination and would forfeit any entitlement he may have to receive any performance bonus for the year in which employment terminates.
- **George Pita.** Following termination of Mr. Pita's employment by us without cause (as defined in the agreement) or by Mr. Pita for good reason (as defined in the agreement), Mr. Pita would receive an amount equal to his base salary and the average of the performance bonuses he received during the last three calendar years and certain employee benefits set forth in the agreement which shall be payable over a period of 12 months from the date of termination and, if he has not breached certain of his obligations set forth in his employment agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. If Mr. Pita's employment is terminated by MasTec because of death or disability, then Mr. Pita or his estate would receive his base salary and any annual performance bonus earned through the date of death or disability and any unvested options and restricted stock would immediately vest. In the event Mr. Pita's employment is terminated by us for cause (as defined in the agreement), Mr. Pita would receive his base salary through the date of termination and would forfeit any entitlement he may have to receive any performance bonus for the year in which employment terminates. On March 31, 2023, we entered into an amended and restated employment agreement with Mr. Pita, which was effective as of April 1, 2023, relating to Mr. Pita's continued provision of services to MasTec following his retirement from his position as the Company's Chief Financial Officer as more fully described on page 52. All outstanding equity awards granted to Mr. Pita will continue to be subject to the terms and conditions set forth under the applicable grant documents and MasTec's equity incentive plans, as in effect and as may be amended from time to time.
- **Alberto de Cardenas.** Following termination of Mr. de Cardenas' employment by us without cause (as defined in the agreement) or by Mr. de Cardenas for good reason (as defined in the agreement), Mr. de Cardenas would receive an amount equal to his base salary and the average of the performance bonuses he received during the last three calendar years and certain employee benefits set forth in the agreement, which shall be payable over a period of 12 months from the date of termination and, if he has not breached certain of his obligations set forth in his employment agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. If Mr. de Cardenas' employment is terminated by MasTec because of death or disability, then Mr. de Cardenas or his estate would receive his base salary and any annual performance bonus earned through the date of death or disability and any unvested options and restricted stock

would immediately vest. In the event Mr. de Cardenas' employment is terminated by us for cause (as defined in the agreement), Mr. de Cardenas would receive his base salary through the date of termination and would forfeit any entitlement he may have to receive any performance bonus.

The following tables illustrate the payments and benefits that each NEO would have received under his employment agreement, as amended to the date of this Proxy Statement, if MasTec experienced a change in control on December 31, 2022, or such NEO's employment with MasTec had terminated on December 31, 2022, for any of the reasons described in the tables. The amounts presented in the tables are estimates and do not necessarily reflect the actual value of the payments and of the benefits that would be received by the NEOs, which would only be known at the time that employment terminates, or the change of control occurs, as applicable.

- (2) Mr. Mas is entitled to receive a tax gross-up payment to reimburse him for any excise tax to which he would be subject under Section 4999 of the Code with respect to any "excess parachute payment" that he receives from MasTec. Mr. Mas generally would not be considered to receive an "excess parachute payment" unless the payments made to him that are contingent on a change in control exceed three times the average of his W-2 compensation for the five years immediately prior to the year in which the change in control occurs. Thus, facts and circumstances at the time of any change in control, as well as changes in Mr. Mas' W-2 compensation history, could materially impact whether and to what extent any payment to Mr. Mas would result in an "excess parachute payment" and thus result in an excise tax.

## EMPLOYMENT AND OTHER AGREEMENTS

### ***Employment Agreements***

On April 18, 2007, MasTec entered an employment agreement with Jose R. Mas, MasTec's President and CEO, effective as of April 18, 2007, and amended on March 31, 2014. The term of the agreement continues until the agreement is terminated in accordance with the terms and provisions thereof. The agreement provides that Mr. Mas is to receive an annual salary, subject to Compensation Committee adjustment. Mr. Mas' salary was increased to \$1,250,000 effective March 27, 2023. The agreement also provides that Mr. Mas shall be eligible for annual performance bonuses of up to his base salary based on the achievement of goals established by the Compensation Committee of the Board. Pursuant to the terms of the agreement, Mr. Mas received 100,000 shares of MasTec's common stock, which vested on the fifth anniversary of the agreement. If Mr. Mas's employment is terminated other than for cause and he has not breached certain of his obligations set forth in the agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. Upon Mr. Mas's death or disability, any unvested equity awards would vest immediately. The agreement further provides for change of control and termination payments as described above in the "*Potential Payments upon Change in Control and Termination of Employment as of December 31, 2022*" section beginning on page 47. The agreement also contains confidentiality, non-competition and non-solicitation provisions, compliance with which is a condition to receipt of certain amounts or benefits payable under the agreements.

Effective January 1, 2010, MasTec entered an employment agreement with Robert Apple relating to his employment as COO, which agreement was amended on March 31, 2014. The agreement remains in effect until terminated and provides that Mr. Apple will be paid an annual salary, subject to Compensation Committee adjustment. Mr. Apple's salary was increased to \$750,000 effective March 27, 2023. The agreement also provides for annual performance bonuses of up to his base salary based on the achievement of goals established by our Compensation Committee, in its sole discretion. Pursuant to the terms of the agreement, Mr. Apple received 37,500 shares of MasTec's common stock, which vested on the third anniversary of the effective date of the agreement. If Mr. Apple's employment is terminated other than for cause and he has not breached certain of his obligations set forth in the agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. Upon Mr. Apple's death or disability, any unvested equity awards would vest immediately. The agreement further provides for change of control and termination payments as described above in the "*Potential Payments upon Change in Control and Termination of Employment as of December 31, 2022*" section beginning on page 47. The agreement also contains confidentiality, non-competition and non-solicitation provisions, compliance with which is a condition to receipt of certain amounts or benefits payable under the agreements.

Until his retirement, effective March 31, 2022, George Pita was employed under an employment agreement relating to his becoming, effective January 1, 2014, the Company's EVP and CFO and which provided for a base salary that was increased to \$540,750 effective March 28, 2022. The agreement also provided for an annual performance bonus of up to his base salary based on the achievement of goals established by the Compensation Committee, in its sole discretion. Mr. Pita's employment agreement also provided for continued vesting of his equity awards, subject to certain conditions, upon the termination of his employment and change of control and termination payments as described above in the "*Potential Payments upon Change in Control and Termination of Employment as of December 31, 2022*" section beginning on page 47. The agreement also contained confidentiality, non-competition and non-solicitation provisions, compliance with which is a condition to receipt of certain amounts or benefits payable under the agreement. On March 31, 2023, we entered into an amended and restated employment agreement with Mr. Pita, which was effective as of April 1, 2023, relating to Mr. Pita's continued provision of services to MasTec following his retirement from his position as the Company's Chief Financial Officer. The agreement amended and restated in its entirety Mr. Pita's previous agreement with MasTec. The agreement provides that Mr. Pita will be paid an annual base salary of \$400,000 and that he will not be entitled to participate in the Company's bonus plan for senior management, receive equity awards, nor be eligible for an annual performance bonus. All outstanding equity awards granted to Mr. Pita will continue to vest subject to the terms and conditions set forth under the applicable award documents and MasTec's equity incentive plans, as in effect and as may be amended from time to time. The agreement also contains confidentiality, non-competition and non-solicitation provisions, which are substantially identical to those contained in Mr. Pita's previous agreement with MasTec, except that the non-competition and non-solicitation provisions have been extended to the later of one year following his employment termination date or March 10, 2026.

Effective March 31, 2014, MasTec entered an employment agreement with Alberto de Cardenas relating to his employment as EVP, General Counsel and Secretary, which agreement replaced his 2008 employment agreement. The agreement remains in force until terminated and provides that Mr. de Cardenas will be paid an annual salary, subject to Compensation Committee adjustment. Mr. de Cardenas' salary was increased to \$495,000 effective March 27, 2023. The agreement also provides for an annual performance bonus of up to his base salary based on the achievement of goals established by the Compensation Committee, in its sole discretion. If Mr. de Cardenas' employment is terminated other than for cause and he has not breached certain of his obligations set forth in the agreement, then any unvested equity awards would continue to vest, and all equity awards would remain exercisable for the full term of the grant. Upon Mr. de Cardenas' death or disability, any unvested equity awards would vest immediately. The agreement further provides for change of control and termination payments as described above in the "*Potential Payments upon Change in Control and Termination of Employment as of December 31, 2022*" section beginning on page 47. Under certain circumstances, the change in control payment would be reduced to avoid triggering an excise tax on such benefits. The agreement also contains confidentiality, non-competition and non-solicitation provisions, compliance with which is a condition to receipt of certain amounts or benefits payable under the agreements.

The charts below describe the relationship between compensation actually paid to our chief executive officer and other NEOs (as calculated above) and our financial and stock performance.

### Proposal No. 3: Vote on a Non-Binding Advisory Resolution to Approve the Compensation of the Company's Named Executive Officers

Discussion and Analysis” including the tables that follow. We are asking shareholders to vote on the following advisory resolution:

“RESOLVED, that the holders of the Company’s common stock advise that they approve the compensation of the Company’s NEOs as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the related footnotes, and the narrative information accompanying the tables).”

Although your vote is advisory and therefore non-binding, the Board will consider the outcome of the vote when considering future executive compensation decisions for NEOs. We urge shareholders to read the Compensation Discussion and Analysis (“CD&A”) section of this Proxy Statement, which details our compensation actions for the year ended December 31, 2022. As described in the CD&A, we believe that the compensation paid to our NEOs for 2022 appropriately considers our demonstrated ability to increase revenue, operating results and profitability over the short- and long-term because of the continued leadership of these NEOs. We believe that our compensation programs and policies and the compensation decisions for 2022 as described in the CD&A appropriately reward our NEOs for their and the Company’s performance and we believe that these programs and policies will assist us in retaining our senior leadership team.

***The Board recommends that shareholders vote FOR approval of the compensation of the Company’s NEOs as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the related footnotes, and the narrative information accompanying the tables).***

## **Proposal No. 4: A Non-Binding Advisory Resolution Regarding the Frequency of Votes Regarding the Compensation of the Company’s Named Executive Officers**

As required by Section 14A of the Exchange Act, our shareholders are entitled to cast an advisory vote at the Annual Meeting to determine how frequently they should consider and cast an advisory vote to approve the compensation of our named executive officers. The choices are every year, two years or three years. While this shareholder vote regarding frequency is an advisory vote that is not binding on the Company or the Board of Directors, we value the opinions of our shareholders and will consider the outcome of the vote when making our determination regarding how frequently this advisory vote will be held.

The Company, the Compensation Committee and the Board of Directors believe that it is appropriate and in the best interest of the Company for the Company’s shareholders to cast an advisory vote on executive compensation every year, the current frequency with which the Company’s shareholders cast such a vote. The Board of Directors believes that an advisory vote on the compensation of the Company’s named executive officers should be conducted every year so that shareholders may annually express their views on the Company’s executive compensation program. The Board of Directors believes that holding this advisory vote annually will provide the Company with timely and appropriate feedback on compensation decisions for its named executive officers.

Shareholders are being asked to vote on the following resolution (the “Say-When-on-Pay Resolution”):

“RESOLVED, that the Company’s shareholders advise the Company to include a non-binding, advisory vote on the compensation of the Company’s named executive officers pursuant to Section 14A of the Exchange Act every:

- year;
- two years; or
- three years.”

In voting on this resolution, you should mark your proxy for one year, two years or three years based on your preference as to the frequency with which an advisory vote on executive compensation should be held. If you have no preference, you should abstain. If no voting specification is made on a properly returned or voted proxy card, the proxies named on the proxy card will vote FOR a frequency of ONE YEAR for future advisory votes regarding executive compensation.

***The Board of Directors recommends a vote FOR a frequency of “ONE YEAR” with respect to the Say-When-on-Pay Resolution.***

(the "Family Foundation"), a Florida not-for-profit corporation, of which Jorge Mas is the president and member of the Board of Directors; and (vi) 4,471,156 shares of common stock owned individually by Jorge Mas. JM Holdings I and JM Holdings each possess sole voting and dispositive power with respect to 5,665,484 shares, the JM Trust possesses shared voting and dispositive power with respect to 848,941 shares, the JR Trust possesses shared voting and dispositive power with respect to 425,000 shares, Mas Partners III and Mas Partners each possess shared voting and dispositive power with respect to 276,000 shares, the Family Foundation possesses shared voting and dispositive power with respect to 100,000 shares and Jorge Mas possesses sole voting and dispositive power with respect to 10,136,640 shares and shared voting and dispositive power with respect to 1,649,941 shares.

On November 19, 2019, JM Holdings I entered into a prepaid variable forward sale contract (the “Jorge Mas 2019 VFS Contract”) with an unaffiliated third-party buyer. JM Holdings I pledged an aggregate of 2,500,000 shares (the “Jorge Mas Initially Pledged Shares”) of the Company’s common stock to secure its obligations under the Jorge Mas 2019 VFS Contract and retained ownership and voting rights in the Jorge Mas Initially Pledged Shares during the term of the pledge. The contract obligated JM Holdings I to deliver to the buyer, on the applicable settlement date for the applicable component (of initially ten components), at JM Holdings I’s option, up to 100% of the number of Jorge Mas Pledged Shares for such component or an equivalent amount of cash.

On November 28, 2022, JM Holdings I and the buyer entered into an amendment to the Jorge Mas 2019 VFS Contract (as amended, the “Jorge Mas VFS Contract”) to reduce the number of shares covered thereby to 1,250,000 shares (the “Jorge Mas Pledged Shares”) of Company common stock, divided into thirty components split into two tranches (the first, “JM Tranche 1” and the second, “JM Tranche 2”) of fifteen components each, and to amend the Floor Price (as defined below) and the Cap Price (as defined below), which were determined based on the volume weighted average price of Company common stock for a specified period ended on January 10, 2023.

The Jorge Mas VFS Contract provides for the settlement of the transaction, at the option of JM Holdings I, in cash or in shares of Company common stock. The number of shares of Company common stock (or cash equivalent) to be delivered to the buyer on the settlement date of each component in JM Tranche 1 or JM Tranche 2, as applicable, is to be determined as follows: (a) if the volume-weighted average price of Company common stock on the designated valuation date for the applicable component (each, a “Settlement Price”) is less than or equal to \$78.5147 (the “Floor Price”), JM Holdings I will deliver to the buyer all of the Jorge Mas Pledged Shares (or cash equivalent) for the applicable component; (b) if such Jorge Mas Settlement Price is greater than the Floor Price but less than or equal to \$124.7512 (the “Tranche 1 Cap Price”) in the case of a component in JM Tranche 1, or \$136.9646 (the “Tranche 2 Cap Price,” and each of the Tranche 1 Cap Price and Tranche 2 Cap Price, a “Cap Price”), in the case of a component in JM Tranche 2, JM Holdings I will deliver to the buyer the number of shares equal to 100% of the Jorge Mas Pledged Shares for the applicable component multiplied by a fraction, the numerator of which is the Floor Price and the denominator of which is such Jorge Mas Settlement Price (or cash equivalent) and (c) if such Jorge Mas Settlement Price is greater than the Tranche 1 Cap Price in the case of a component in JM Tranche 1 or greater than the Tranche 2 Cap Price in the case of a component in JM Tranche 2, JM Holdings I will deliver to the buyer the number of shares equal to 100% of Jorge Mas Pledged Shares for the applicable component multiplied by a fraction, the numerator of which is the Floor Price plus the excess of such Jorge Mas Settlement Price over the applicable Cap Price, and the denominator of which is such Jorge Mas Settlement Price (or cash equivalent).

Each component is exercisable on the same date as it expires, which date for each component, occurs between August 19, 2024, and September 8, 2025.

In addition, effective October 19, 2021 Jorge Mas entered into a loan arrangement with a financial institution pursuant to which Mr. Mas pledged 417,700 shares of the Company’s common stock to secure his obligations under such loan.

JRM Holdings I and JRM Holdings each possess sole voting and dispositive power with respect to 1,280,688 shares, the JM Trust possesses shared voting and dispositive power with respect to 848,941 shares, the JR Trust possesses shared voting and dispositive power with respect to 425,000 shares, Mas Partners III possesses shared voting and dispositive power with respect to 276,000 shares, the Family Foundation possesses shared voting and dispositive power with respect to 100,000 shares and Jose R. Mas possesses sole voting and dispositive power with respect to 4,502,146 shares and shared voting and dispositive power with respect to 1,649,941 shares.

On November 19, 2019, Jose R. Mas and the JR Trust entered into prepaid variable forward sale contracts (the “Jose Mas 2019 VFS Contracts”) with an unaffiliated third-party buyer. Jose R. Mas pledged an aggregate of 775,000 shares and the JR Trust pledged an aggregate of 212,500 shares (collectively, the “Jose Mas Initially Pledged Shares”) of Company common stock to secure their obligations under the Jose Mas 2019 VFS Contracts and retained ownership and voting rights in their respective portions of the Jose Mas Pledged Shares during the term of the pledge.

The Jose Mas VFS Contracts obligated Jose R. Mas and the JR Trust to deliver to the buyer, on the applicable settlement date for the applicable component (of initially ten components for each contract), at Jose Mas’s or the JR Trust’s option, as applicable, up to 100% of the number of Jose Mas Initially Pledged Shares for such component or an equivalent amount of cash.

On November 28, 2022, (i) the JR Trust and the buyer entered into an agreement to reduce the number of shares covered by the Jose Mas 2019 VFS Contract to which it was a party to zero shares and terminate such Jose Mas 2019 VFS Contract, and (ii) Jose Mas and the buyer entered into an amendment to the Jose Mas 2019 VFS Contract (as amended, the "Jose Mas VFS Contract") to which Jose R. Mas is a party to reduce the number of shares covered thereby to 387,500 shares (the "Jose Mas Pledged Shares") of MasTec, Inc. common stock, divided into thirty components split into two tranches (the first, "JRM Tranche 1" and the second, "JRM Tranche 2") of fifteen components each, and to amend the Floor Price (as defined below) and the Cap Price (as defined below), which were determined based on the volume weighted average price of the Company's common stock for a specified period ended on January 10, 2023.

The Jose Mas VFS Contract provides for the settlement of the transaction, at the option of Jose R. Mas, in cash or in shares of Company common stock. The number of shares of Company common stock (or cash equivalent) to be delivered to the buyer on the settlement date of each component in JRM Tranche 1 or JRM Tranche 2, as applicable is to be determined as follows: (a) if the Settlement Price is less than or equal to the Floor Price, Jose R. Mas will deliver to the buyer all of the Jose Mas Pledged Shares (or cash equivalent) for the applicable component; (b) if such Jose Mas Settlement Price is greater than the Floor Price but less than or equal to the Tranche 1 Cap Price in the case of a component in JRM Tranche 1 or the Tranche 2 Cap Price in the case of a component in JRM Tranche 2, Jose R. Mas will deliver to the buyer the number of shares equal to 100% of the Jose Mas Pledged Shares for the applicable component multiplied by a fraction, the numerator of which is the Floor Price and the denominator of which is such Jose Mas Settlement Price (or cash equivalent) and (c) if such Jose Mas Settlement Price is greater than the Tranche 1 Cap Price in the case of a component in JRM Tranche 1 or greater than the Tranche 2 Cap Price in the case of a component in JRM Tranche 2, Jose R. Mas will deliver to the buyer the number of shares equal to 100% of Jose Mas Pledged Shares for the applicable component multiplied by a fraction, the numerator of which is the Floor Price plus the excess of such Jose Mas Settlement Price over the applicable Cap Price, and the denominator of which is such Jose Mas Settlement Price (or cash equivalent).

Each component is exercisable on the same date as it expires, which date for each component, occurs between August 19, 2024, and September 8, 2025.

Jose R. Mas disclaims beneficial ownership of all shares of common stock held by the JM Trust, the JR Trust and the Family Foundation, except, in each case, to the extent of his pecuniary interest therein.

### ***Delinquent Section 16(a) Reports***

Section 16(a) of the Exchange Act and regulations of the SEC thereunder require that MasTec's directors, executive officers and persons who own more than 10% of MasTec's common stock file initial reports of their ownership of MasTec's common stock and subsequent reports of changes in such ownership with the SEC. Directors, executive officers and persons owning more than 10% of MasTec's common stock are required by SEC regulations to file with the SEC and the NYSE reports of their respective ownership of common stock and to furnish MasTec with copies of all Section 16(a) reports they file. ## Questions and Answers About Our Annual Meeting

### **Why did I receive this Proxy Statement?**

The Board of Directors, referred to as the Board, of MasTec, Inc., referred to as MasTec or the Company, is furnishing this Proxy Statement to solicit proxies on its behalf to be voted during the 2022 Annual Meeting of Shareholders of MasTec, referred to as the Annual Meeting, to be held solely by remote communication, in a “virtual only” format, on May 16, 2023, at 9:30 a.m. local time. This Proxy Statement summarizes the information you need to vote by proxy or during the Annual Meeting. You do not need to participate in the Annual Meeting to vote.

### **When was this Proxy Statement first sent, or given to security holders?**

We began mailing the Notice of Internet Availability of Proxy Materials on or about April 4, 2023, to shareholders of record at the close of business on March 10, 2023.

### **Who is entitled to vote?**

Only holders of record of shares of our common stock at the close of business on March 10, 2023, referred to as the Record Date, are entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement of the meeting. On the Record Date, 78,979,588 shares of common stock were issued and outstanding.

### **What is the quorum for the meeting?**

A quorum requires the presence, in person or by proxy, of a majority of the shares of common stock issued and outstanding and entitled to vote at the Annual Meeting. No business may be conducted at the Annual Meeting if a quorum is not present. If less than a majority of the issued and outstanding shares entitled to vote is represented at the Annual Meeting, then the holders of the shares so represented may adjourn the Annual Meeting to another date, time or place. Notice need not be given of the new date, time or place if announced at the Annual Meeting before an adjournment is taken, unless a new record date is fixed for the Annual Meeting (in which case a notice of the adjourned meeting will be given to shareholders of record on such new record date, each of whom would be entitled to vote at the adjourned meeting).

### **How many votes do I have?**

Each share of common stock entitles its owner to one vote on each matter brought before the Annual Meeting.

### **How do shareholders of record vote?**

If your shares of our common stock are registered directly in your name, then you are a shareholder of record, and you will receive your Notice of Internet Availability of Proxy Materials directly from us.

For shareholders of record, voting instructions submitted via mail, telephone or the Internet must be received by Broadridge Financial Solutions, Inc. (“Broadridge”), our independent tabulator, by 11:59 p.m., Eastern Time, on May 15, 2023. Submitting your vote via mail, telephone or the Internet will not affect your right to vote during the Annual Meeting should you decide to participate in the Annual Meeting. See “*Can I change my vote after I have voted?*” below.

The Internet and telephone voting procedures available to you are designed to authenticate shareholders’ identities, to allow shareholders to give their voting instructions and to confirm that shareholders’ instructions have been recorded properly. Shareholders voting via the Internet or telephone should understand that third parties may charge fees for voting in this manner such as usage charges from Internet access providers and telephone companies, which are borne by the shareholder.

A shareholder of record may vote during the Annual Meeting by following the instructions at MasTec’s Annual Meeting website.

### **How do I vote my shares if they are held by my broker?**

If you hold your shares of common stock through a broker, bank or other intermediary, then you are considered the beneficial owner of shares held in "street name," and your intermediary will send you printed copies of the proxy materials or provide instructions on how to access proxy materials electronically. You are entitled to direct the intermediary how to vote your shares by following the voting instructions that the intermediary provides to you.

### **How do I vote my shares that are held in my 401(k) Retirement Plan?**

All persons who have shares of our common stock allocated to their accounts as participants or beneficiaries under the MasTec, Inc. 401(k) Retirement Plan, which we refer to as the 401(k) Plan, may instruct Bank of America Merrill Lynch, which acts as the trustee for the 401(k) Plan and which we refer to as the Trustee, to vote the shares of common stock held for their account as participants or beneficiaries of the 401(k) Plan. You can instruct the voting of stock you hold in the 401(k) Plan by requesting a voting instruction card to sign, date and return, or by submitting your vote by telephone or through the Internet.

Please see the Notice of Internet Availability of Proxy Materials we sent to you or this Proxy Statement for specific instructions on how to provide voting instructions by any of these methods. Please note that your voting instructions for stock you hold in the 401(k) Plan must be returned by 11:59 p.m., Eastern Time, on May 11, 2023. In the event no voting instruction card is received from a participant or beneficiary, or a voting instruction card is received without instructions, or in the event shares are not yet allocated to any participant's account, those shares will not be voted for any of the proposals. The Trustee does not know of any other business to be brought before the Annual Meeting, but it is intended that, if any other matters properly come before the Annual Meeting, the Trustee, as proxy, will vote upon such matters per its judgment.

Any 401(k) Plan participant or beneficiary who executes and delivers a proxy card may revoke it at any time prior to its use by executing and delivering a duly executed voting instruction card bearing a later date or by giving written notice to the Trustee. The Trustee will vote the shares held for the accounts of the participants or their beneficiaries in the 401(k) Plan in accordance with the instructions noted thereon, and only the Trustee of the 401(k) Plan can vote the shares allocated to the accounts of participants, even if such participants or their beneficiaries participate in the Annual Meeting.

### **What am I voting on?**

At the Annual Meeting, our shareholders will be asked to vote on the following proposals:

1. The election of Ernst N. Csiszar, Julia L. Johnson and Jorge Mas as Class I directors to serve until the 2026 Annual Meeting of Shareholders.
2. Ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the 2023 fiscal year.
3. Approval of a non-binding advisory resolution regarding the compensation of our NEOs.
4. A non-binding advisory resolution regarding the frequency of the vote regarding the compensation of our named executive officers.
5. Such other business as may properly be brought before the Annual Meeting, and at any adjournments or postponements of the Annual Meeting.

### **What vote is required for the proposals?**

#### *Election of directors*

If a quorum is present, directors will be elected pursuant to the affirmative vote of a plurality of the shares of common stock voting during the Annual Meeting or represented by proxy at the Annual Meeting, which means that the three nominees who receive the most affirmative votes will be elected to the Board. Shareholders entitled to vote may vote in favor of all the nominees or any individual nominee or withhold their votes as to all the nominees or any individual nominee.

Our Board's Governance Principles include a director majority vote policy. The majority vote policy is applicable solely to uncontested elections, which are those elections in which the number of nominees for election is less than or equal to the number of directors to be elected. Under the majority vote policy any nominee for director who receives more "withheld" votes than "for" votes in an uncontested election must submit a written offer to resign as director. Any such resignation will be reviewed by the Nominating, Sustainability and Corporate Governance Committee, and, within 90 days after the election, the independent members of the Board will determine whether to accept, reject or take other appropriate action with respect to the resignation in furtherance of the best interests of MasTec and its shareholders.

*Ratification of BDO USA, LLP as our independent registered public accounting firm*

If a quorum is present, ratification of the appointment of our independent registered public accounting firm requires that the number of votes cast during the Annual Meeting in favor of ratification exceeds the number of votes cast opposing ratification.

*Approval of a non-binding advisory resolution regarding the compensation of our NEOs*

If a quorum is present, approval requires that the number of votes cast during the Annual Meeting in favor of resolution exceeds the number of votes cast opposing the resolution.

*Vote on a non-binding advisory resolution regarding the frequency of the vote regarding the compensation of our named executive officers.*

Shareholders will be asked to vote on a non-binding, advisory basis as to whether we should include in our proxy statement a non-binding, advisory vote on the compensation of our named executive officers every year, two years or three years. If a quorum is present, the outcome of this vote will be determined by a plurality of the votes cast, which means that we will take under advisement the choice (every year, two years or three years) that receives the most votes.

**How are abstentions and broker "non-votes" treated?**

*Abstentions*

Pursuant to Florida law, abstentions are counted as present for purposes of determining the presence of a quorum; however, abstentions will not be counted as votes cast "for" or "against" any proposal and will have no effect on the voting results for any proposal.

*Broker "non-votes"*

Under the rules of the New York Stock Exchange, which we refer to as the NYSE, if a broker, bank or other institution that holds shares in street name for a customer does not receive voting instructions from that customer with respect to such shares, the broker may vote those shares on only "routine" matters. A broker may not vote such shares on "non-routine" matters unless it receives voting instructions from the customer for whom it holds shares. A broker "non-vote" occurs when a broker does not receive such voting instructions from its customer on "non-routine" matters. Broker non-votes are counted for purposes of determining the presence of a quorum; however, broker non-votes will not be counted as votes cast "for" or "against" any proposal and will have no effect on the voting results for any proposal.

Other than Proposal No. 2 (the ratification of the appointment of BDO USA, LLP as our independent certified public accounting firm), all the proposals in this Proxy Statement are considered "non-routine" matters. For this reason, we urge you to give voting instructions to your broker. If any "routine" matters (in addition to Proposal No. 2) are properly brought before the Annual Meeting, then brokers holding shares in street name will be permitted to vote those shares in their discretion for any such routine matters.

**Will there be any other items of business on the agenda?**

The Board does not know of any other matters that will be brought before the Annual Meeting nor does it foresee or have reason to believe that proxy holders will have to vote for substitute or alternate nominees for election to the Board. If any other matter should come before the Annual Meeting, or any nominee is not available for election, the persons named in the proxy that a shareholder submitted via the Internet, phone or mail will have discretionary authority to vote all shares represented by such proxy unless otherwise specified to the contrary with respect to such matters in accordance with the recommendation of the Board.

**What happens if I submit or return my proxy card without voting?**

When you properly submit your proxy via the Internet, phone or mail, the shares it represents will be voted at the Annual Meeting in accordance with your directions. If you properly submit your proxy with no direction, the proxy will be voted:

- For: The election of Ernst N. Csiszar, Julia L. Johnson and Jorge Mas as Class I directors to serve until the 2026 Annual Meeting of Shareholders.
- For: Ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the 2023 fiscal year.
- For: Approval of a non-binding advisory resolution regarding the compensation of our NEOs.
- One Year regarding the frequency of the vote regarding the compensation of our NEOs.
- In accordance with the recommendation of the Board “for” or “against” all other business as may properly be brought before the Annual Meeting and at any adjournments or postponements of the Annual Meeting.

**Can I change my vote after I have voted?**

*You may revoke a proxy given pursuant to this solicitation at any time prior to its exercise by:*

- Delivering written notice to our Corporate Secretary at MasTec, Inc., 800 S. Douglas Road, 12th Floor, Coral Gables, Florida 33134.
- Executing and delivering to our Corporate Secretary a proxy with a later date.
- Participating in the Annual Meeting and voting on the Annual Meeting website; or
- Submitting a telephonic or electronic vote with a later date.

With respect to telephonic or electronic votes, the last vote transmitted will be the vote counted. Participation in the Annual Meeting will not constitute revocation of a proxy submitted by telephone or electronic means.

**Will anyone contact me regarding the proposals described in this Proxy Statement?**

No arrangements or contracts have been made or entered with any solicitors as of the date of this Proxy Statement, but we reserve the right to engage solicitors if we deem them necessary. Such solicitations may be made by mail, telephone, facsimile, e-mail or personal interviews. In addition, we reserve the right to solicit proxies through our directors, officers and employees in person and by telephone or facsimile; however, these persons will not receive any additional compensation for any such solicitation efforts.

Brokerage firms, nominees, custodians and fiduciaries also may be requested to forward proxy materials to the beneficial owners of shares held by them as of the Record Date.

**Who has paid for this proxy solicitation?**

All expenses incurred about the solicitation of proxies, including the printing and mailing of this Proxy Statement should you request a printed copy of the proxy materials, will be borne by MasTec.

**How do I obtain a list of MasTec's shareholders?**

A list of MasTec's shareholders as of the Record Date will be available for inspection at our corporate headquarters located at 800 S. Douglas Road, 12th Floor, Coral Gables, Florida, 33134 during normal business hours during the 10-day period immediately prior to the Annual Meeting.

If other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the proxy to vote any proxies on such matters in accordance with their judgment.

## Householding

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements, annual reports and Notices of Internet Availability of Proxy Materials with respect to two or more shareholders sharing the same address by delivering a single annual report and proxy statement addressed to those shareholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for shareholders and cost savings for companies.

A single annual report and proxy statement or Notice of Internet Availability of Proxy Materials will be delivered to multiple street name shareholders sharing an address unless contrary instructions have been received from one or more of the affected shareholders. Once a shareholder has received notification from its broker that it will be “householding” communications to such shareholder’s address, “householding” will continue until such shareholder is notified otherwise or until such shareholder notifies its broker or us that it no longer wishes to participate in “householding.” If, at any time, a shareholder no longer wishes to participate in “householding” and would prefer to receive a separate copy of the 2023 proxy statement and 2022 annual report or Notice of Internet Availability of Proxy Materials, and/or wishes to receive separate copies of proxy statements and annual reports or Notices of Internet Availability of Proxy Materials in the future, or if, at any time, shareholders who share an address and receive separate copies of the 2023 proxy statement and 2022 annual report or Notice of Internet Availability of Proxy Materials, who would like to receive a single copy of our proxy statement and annual report or Notice of Internet Availability of Proxy Materials in the future, such shareholder or shareholders may (1) notify its or their broker or brokers or (2) direct its or their written or oral request to: MasTec, Inc., Legal Department, 800 S. Douglas Road, 12th Floor, Coral Gables, Florida 33134, (305) 599-1800.

Upon written or oral request of a shareholder at a shared address to which a single copy of the 2023 proxy statement and 2022 annual report or Notice of Internet Availability of Proxy Materials was delivered, we will deliver promptly separate copies of these documents.

***We request that you promptly request a proxy card to sign, date, and return or vote your proxy over the telephone or through the Internet so that your vote will be included at the meeting.***
